HEALTH AND SAFETY

The conference organisers will consult with government authorities, the conference venue and COVID-19 clinical advisors to ensure all regulations and health and safety measures are in place at RMA. However, the risk of transmission of viral illness, including COVID-19, remains and this must be considered by all attendees for their own personal circumstances, including any health condition or vulnerability that they may have, or that of persons they will be in close contact with following attendance at RMA. It is important to note, for a small number of people, COVID-19 has very serious health consequences. By attending RMA, attendees acknowledge and accept these risks.

It is recommended all attendees download the Australian Government COVIDSafe app, and have it running on their phones with Bluetooth enabled at all times throughout the duration of the conference, including pre and post-conference activities.
